

At The Beach - Jennifer Hopson *(Copyright 2001)*

1. It's a beautiful day
And I'm on my way
Adventure waits for me
Sing a song, as I walk along
Straight down to the sea
Hoping soon that I will find
That great big whale
Friend of mine
It's a sunny day
Here down at the beach

2. The waters cool
Like a swimming pool
Think I'll dive in for a swim
Splash about and then call out
Hey! wont you come on in
Dive down to the bottom
of the sea
Catch a lobster for my tea
It's a sunny day
Here down at the beach

Some people are cruising
Some people are snoozing
Underneath umbrellas in the shade
Some people are snorkling
Folks are just talking
Sippin' on their icy lemonade

3. The tide is high
Going for a ride
On my surfboard in the sun
Swim out far
Where the big waves are
Gonna have me so much fun
I'll twirl about I'll spin around
Riding up and riding down
It's a sunny day
Here down at the beach

4. At the end of the day
Well I'm gonna stay
Tho' the people have gone home
Sit a while
With a great big smile
Got the beach now to my own
Lay back on my towel & dream
'bout all I've done, all I've seen
It's a sunny day
Here down at the beach
