

Hurrah! Hurrah!

Hurrah! Hurrah! the battle has been won
Hurrah! Hurrah! lets go tell everyone
Hurrah! Hurrah! there's victory in the air
We fought the mighty pirates
Yes we beat them fair and square

The captain, thought that I would never
Ever stand a chance
But now the treasure's in my hand
And it is time to dance

The whale and I we had a plan
One the crew would dread
I climbed aboard the pirate ship
And this is what I said

Just when all the pirates thought
They had it won for sure
The whale travelled far beneath the sea
He tipped the boat
Up on those unsuspecting buccaneers
And now they are a page in history
