

Message In A Bottle

1. Floating on the ocean
Far out on the sea
A message in a bottle
Drifted close to me
I leaned into the water
Grabbed it with my hand
Could it be a message
From a foreign land

2. I gently wiped the bottle
And looked inside to see
If there were hidden treasures
Waiting there for me
I had to know the answer
What did the glass conceal
Was it a special message
Or would it reveal

Pirate treasure, Riches without measure
Wonder what the message will be
Pirate treasure, Riches without measure
I could hardly wait to see

3. I started to imagine
What the message said
A thousand different ideas
Running through my head
Could it be a letter
From an ancient land
Perhaps it was a drawing
Of secrets in the sand
