

Mighty Pirates

We are the mighty pirates
Sailing on the wind
By day we search for treasure
At night we like to sing

The jolly roger is our flag
And up the mast it goes
We get together, in stormy weather
And all sing, Yo Ho Ho!
Watching out for sailing ships
And when there's one in sight
We climb aboard to steal their gold
And fight with all our might

We are the mighty pirates
Cruising on the sea
High up in the crows nest
You'll hear this melody

We are the mighty pirates
We're adventure bound
As the moon is rising
You'll hear our mighty sound
