

Octopus Blues

At the bottom of the ocean
Deep down in the sea
I got a little problem, that's botherin' me
I got the blues, I got the blues
Deep down in the ocean, I got the octopus blues

When I wake up in the morning
And crawl out from the rocks
Searching round the seabed, for all of my socks
I got the blues, I got the blues
Deep down in the ocean, I got the octopus blues

Chorus

I got the blues
I got the blues
Oh, I got the blues
Deep down in the ocean, I got the octopus blues

When I go out to a party
I always get the blues
It takes me half an hour, just to put on my shoes
I got the blues, I got the blues
Deep down in the ocean, I got the octopus blues

Doop dooby dooby do, doop dooby dooby do
Doop dooby dooby do, doop dooby dooby do
Deep down in the ocean, I got the octopus blues
