

Out On The Ocean

1. Wont you come with me
On a magical adventure
Far across the waves
Out on the sea
Together we'll explore
All the wonders of the ocean
Deep sea journeys wait
For you and me

2. We'll have so much fun
As we travel on together
Above and far beneath
The deepest sea
Sailing here and there
Far out on the blue horizon
What a great adventure
It will be

Where divers swim
In search of buried treasure
Where mermaids dance
Beneath the waves together
Where pirate ships set sail
Out on the sea
Wouldn't you agree
It's a great place to be

Out on the ocean
Under the southern sun
Out on the ocean
Our journey has just begun

Close your eyes
Come dreaming with me
Make believe it's true
A different place in time for me and you
