

# Pirates Are Waiting

Out on the sea  
The pirates are waiting  
Out on the sea  
The pirate ships sailing  
Out on the sea  
The pirate's are waiting for me  
Out on the sea  
The grey skies are rumblin'  
Out on the sea  
The captain is grumblin'  
Out on the sea  
The pirates are waiting for me

We have caught you out  
I heard the pirates say  
We want our gold  
They yelled across the waves  
But I was tough  
And said right back to them  
The gold is mine I dug it up  
And this is where the story ends

We wont give in  
The pirates roared at me  
I stood my ground  
And dared to disagree  
There's no point  
In making such a fuss  
The treasures mine I found it all  
Guess that's life and that's just tough
