

Sail Away

Underneath the starry sky
I will sing this lullaby
Carried on a gentle breeze
With my heart filled memories

Oh! Sail Away
Sail Away
Sleep my darling
Sleep today
Oh! Sail Away
Sail Away
Sleep my darling
Sleep today

Pictures of you fill my mind
Images you left behind
Sailing far beneath the sky
With the captain by your side

And every night I kneel and pray
And these are the words I say
Thank you for the promise made
We will meet again someday
