

Starfish

Chorus

Starfish, Starfish

Living at the bottom of the ocean

Starfish, Starfish

Lying at the bottom of the sea (repeat)

Resting on the ocean floor

Where there's one

You'll find one more

Making pretty patterns in the sand

You can find them on the beach

Hiding in rock pools

You might even put one in your hand (Chorus)

Clinging to the jetty poles

Where the waters clear

Down beneath the curling, swirling reeds

Hiding underneath your boat

On your fishing line

Resting in amongst the long seaweed (Chorus)
